THE CORE

The Forté door is available with a choice of two high performance cores and locking mechanisms. Our PU foam-filled core is built with maximum thermal efficiency in mind. Or, for added strength and security you have the option to upgrade to our Forté Solid Core for ultimate peace of mind.

STANDARD CORE

Specifically designed for the UK market, our standard PU foam-filled composite core delivers outstanding thermal performance to help prevent heat from escaping your home. It also features an LVL (Laminated Veneer Lumber) subframe for extra strength and rigidity.

EXTREME SOLID CORE UPGRADE

Upgrade your door to our ultimate Forté Solid Core for added security and thermal efficiency. Combined with our Extreme locking system, our core has been tested to meet the standards of the police-recognised 'Secure by Design' standard.

The Forté Core is made up of a traditional foam core that is fitted with horizontal timber plinths then housed between two slim aluminium sheets and exterior grade plywood for a robust structure, and is wrapped in an extra-resilient 4mm GRP skin.

- 1** PIR Foam
Providing excellent thermal capabilities, far exceeding XPS foam as commonly used.
- 2** HDF Plywood
This high-density product exceeds that of plywood providing brilliant rigidity and strength throughout.
- 3** Aluminium Sheet
This is a vital layer within the door construction, it adds stability to the door but also protects against moisture infiltration.

- 4** Exterior Grade Plywood
Additional sheet for door support under the GRP skin.
- 5** GRP Skin
The GRP skins are pressed onto the core with a unique method to ensure flawless correlation with the core.

SECURITY

All Forté doors come as standard with our impressive multipoint locking system which protects against break-ins. It features patented technology that works to provide a perfect seal and reduces heat loss.

EXTREME LOCKING UPGRADE

Our Extreme instant auto-engage locking system can be fitted as an upgrade. Rollers housed within the lock guide the extra-secure 20mm locking bolts into place and form the perfect seal, even if the door isn't fully closed. The result, impenetrable security and keeps your door firmly in place to prevent movement and warping.

OUR CASSETTE SYSTEM

FLAT STIPPLE

With a square profile and a smooth, stippled finish, the Flat Stipple is a sleek, contemporary and eye-catching cassette.

STANDARD

Featuring a moulded cassette and a textured woodgrain finish, the Standard cassette is perfectly paired with a traditional door design.

FLAT GRAINED

The Flat Grained cassette combines a classic woodgrain finish with a modern design. Ideal for contemporary and Monza doors.

INOX CASSETTES

Influenced by cutting-edge European design, the Inox is a flat, stainless steel cassette that makes your door stand out from the crowd. Seamlessly designed for the Monza and Links doors.

DOOR STYLES

There's a door for everyone. Choose your ideal door design from our three distinct ranges, Traditional, Contemporary and Designer. Whether you want a classic door that replicates the look of timber doors or a modern one with continental influences, you'll find your perfect door in our Forte collection.

CHOOSE YOUR FINISH

WOODGRAIN

The classic woodgrain finish. Available on all Traditional and Contemporary door styles, and in all standard and premium colours.

LINKS

Links is a unique flush finish that's designed to look like aluminium. Available on specific Contemporary and Designer doors.

MONZA II

The striking Monza II finish features a beautiful mix of woodgrain and detailed etching. Only available on Monza II doors.

Door colours shown in this brochure should be used for guidance only. We have made every effort to match the colour and stain you see in the brochure so it's as close as possible to our paint when applied to the doors. Due to the nature of the product it is applied to, there is sometimes a difference between them which we cannot avoid. The colour, intensity and sheen level may differ from the paper print version and we do not accept any liability for this.

HARDWARE

From modern handles to traditional door knockers, we offer the most comprehensive selections of hardware options on the market.

On selected door designs a bar, bow, D or V-shaped handle can be available both internally and externally or an escutcheon will be added internally.

HARDWARE COLOURS

BLACK IS THE NEW BLACK

Both bold and beautiful, our brand-new range of black hardware consists of contemporary pull bar handles, escutcheons and letterboxes.

LET'S GET GOING

1 SURVEY

Our surveying team will visit your home to take measurements, clarify details and ensure your design is suitable before any work commences. Any changes can be discussed at this stage.

2 FITTING

We'll manage all the various tradespeople involved in your project from start to finish so you can relax in the knowledge the full journey is mapped out for you in advance.

3 AFTERCARE

Once your products have been fully installed, your journey doesn't end there. Our dedicated team of aftercare specialists will look after you and your products for as long as they remain yours.
